

Authorization of Modification of Crown Equipment

Regulation 1910.178 issued under the Occupational Safety and Health Act reads in part as follows:

“(4) Modifications and additions which affect capacity and safe operation shall not be performed by the customer or user without manufacturers prior written approval. Capacity, operation, and maintenance instruction plates, tags, or decals shall be changed accordingly.”

Crown Controls Corporation (“Crown”) hereby authorizes Daily Equipment Company To modify (in the manner describe below) the following equipment manufactured by Crown:

Description of Equipment

Model

Serial Number

Description of Modification

This approval is contingent upon (i) compliance with the above quoted regulation and any other applicable rules or regulations, and (ii) utilization of welding, fabricating and assembly practices equal to those utilized by Crown in the original manufacture of the equipment.
