  - SAFETY CHECKS & OPERATION PRACTICES
  - OPERATOR TRAINING REQUIREMENTS & AVAILABILITY THROUGH DEC
  - PLANNED MAINTENANCE PROGRAM SIGNED UP?
  - YES
- CUSTOMER MUST SIGN UP ON THE PM PROGRAM AND HAVE A PM PERFORMED EVERY 90 DAYS OR THIS WARRANTY IS VOIDED.**

CUSTOMER INITIAL \_\_\_\_\_

**Warranty Period**  
 During the applicable Warranty Period, 12 months and/or 750 hrs. Daily Equipment Company ("DEC") agrees to repair, replace, or rebuild at DEC'S option and through a place of business of the Used lift truck dealer or other authorized source. Any of the drive train components listed below which fail due to a mechanical breakdown. Mechanical breakdown is defined as a failure of a defective drive train component or defective workmanship as supplied by the manufacturer, but does not include normal wear and tear on the drive train components under normal use and with proper maintenance.

**WARRANTY COVERAGE**  
 The Drive Train Components: **ENGINE/MOTORS, TRANSMISSION, DRIVE AXLE AND ELECTRIC DRIVE CONTROL SYSTEM**, are covered by this Warranty after the original 90 day Used Lift Truck Warranty ("Original Warranty") expires. The warranty coverage is from the date of delivery to the customer from DEC ("Dealer"), until the year or hour limitation (whichever occurs first) is reached. The Warranty covers the following Drive Train Components:

**ENGINE / MOTORS**  
 The engine including the cylinder block, cylinder head, rocker assembly and all internal moving parts fully enclosed within these units. The drive motor including the bearing cases, bearings and armature.

**TRANSMISSION**  
 Including control valve, torque converter, clutch housing, internal gears and shafts.

**DRIVE AXLE** The final drive axle including the axle housing, differential carrier, reduction drive, axle shafts and front wheel hubs.

**ELECTRIC DRIVE CONTROL SYSTEM**  
 The drive control logic card, control panel assembly, and vehicle manager.

**WARRANTY LIMITATIONS**  
 1. This Extended Powertrain Warranty does not cover:  
 \* Any mechanical breakdown occurring while the used lift truck (including its parts) is covered by the Original Warranty.  
 \* Any repair or replacement to the used lift truck that has not been authorized by DEC.

- \* Mechanical breakdown caused by a defect that DEC and/ or its manufacturer publicly announced it would correct and the customer failed to return its used lift truck for the correction.
  - \* Repair of valves, rings, and / or guides where the only malfunction is low compression or oil consumption. This is considered normal wear and not covered.
  - \* Gaskets and seals are not covered as the sole part causing failure unless proven defective. These are normally considered wear items. However, gaskets and seals are covered as contingent damage to major drive train components.
  - \* Any use or installation which DEC determines is improper.
  - \* Any parts or accessories installed on the used lift truck which were not manufactured, recommended or installed by DEC which affect powertrain operation. Claims with respect to such items, if any, shall be made solely to the respective manufacturer.
  - \* Repairs by other than the Dealer or Authorized Dealer.
  - \* Misuse, abuse, accident, neglect and / or improper repair or storage.
  - \* Customer's unreasonable delay in making the used lift truck available after being notified of a potential product problem.
  - \* Loss caused by failure of a part or parts of the used lift truck that are not included in this Warranty, regardless if the resulting damage is to a covered part or parts.
2. Parts replaced under this Warranty are warranted only for the remainder of the Warranty Period of the used lift truck.  
 3. The manufacturer and distributor of the used lift truck reserves the right to make changes in design and improvement without incurring any obligation to incorporate such improvements in any product already shipped from its factory premises or which are in the hands of customers.  
 4. This Warranty does not include transportation expense or the cost of a rental or loaner replacement vehicle.

**CANCELLATION**  
 \* DEC Will cancel this Warranty if the customer cancels the Planned Maintenance Agreement with DEC.  
 \* Any transfer of the used lift truck covered by this warranty will no longer be covered.

\* Extended Powertrain Warranty will be voided if repairs are done by other than a DEC repair facility.

**CUSTOMER RESPONSIBILITY**  
 The customer is responsible for:  
 \* All transportation expenses, if any, related to the claim under this Warranty.

\* Local taxes, if applicable.  
 \* Component shipping charges in excess of those which are usual and customary.

\* Expenses to investigate complaints, unless the problem is caused by a defect in material or workmanship.

\* Giving timely notice of defect covered by this Warranty and promptly making the used lift truck available for repair. All repairs must be started prior to policy expiration, months or hours, whichever occurs first.

\* This Warranty requires adherence to all maintenance requirements as listed in the Operation and Maintenance Manual and retention of maintenance records. Genuine Caterpillar new or remanufactured parts must be used for all maintenance and repairs.

In the event of a mechanical breakdown, the customer is required to return the lift truck to the Dealer executing this Warranty Statement or, if this is not possible, call Dealer for instructions.

**A USED LIFT TRUCK WITH KNOWN FAILED OR DEFECTIVE COMPONENTS MUST BE IMMEDIATELY REMOVED FROM SERVICE.**

\* Customer required paying DEC to perform PM every 90 days, regardless of hours used, for the duration of this warranty. Unless, hours exceed 250 service interval hours before the 90 day period.

The DEC Extended Powertrain Warranty Enrollment must be completed and returned to DEC. Failure to complete and return the DEC Extended Powertrain Warranty Enrollment may affect claims under this Warranty.

**LIMIT OF RESPONSIBILITY**  
 THE FOREGOING SHALL CONSTITUTE THE SOLE AND EXCLUSIVE REMEDY OF ANY OWNER OF A DEC USED LIFT TRUCK COVERED BY THIS WARRANTY AND THE SOLE AND EXCLUSIVE RESPONSIBILITY OF THE MANUFACTURER, DISTRIBUTOR OR DEALER AND IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED, IMPLIED OR STATUTORY, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE. MANUFACTURER AND DEALER NEITHER ASSUME NOR AUTHORIZE ANY PERSON TO ASSUME FOR THEM ANY OTHER OBLIGATION OR RESPONSIBILITY IN CONNECTION WITH THIS WARRANTY.

In no event shall Manufacturer, Distributor or Dealer individually or collectively be responsible for direct, indirect, special consequential damage, or for any delay or any economic, commercial loss in the performance or non-performance under this Warranty.

This warranty is expressly in lieu of all warranties, obligations or responsibilities of DAILY EQUIPMENT COMPANY (DEC) EXPRESSED, IMPLIED OR STATUTORY.
